

You recently contacted me to ask for a bid to take photos of all Broadwater County employees for use on the county's Facebook page. You stated that this would involve 25-30 employees, and it would probably take a couple of days, to allow for differing work schedules/sick leave/vacation. You also stated that the County may also be interested in a group photo as well. You indicated that you are mainly interested in digital files for the employee photos, but asked if I could also provide a quote for actual prints. Please see the below bid.

1) Photo shoot for all employees;	
DELIVERABLE:	COST
- 1 digital file of a portrait of each employee	\$350
- 1 digital file of Group photo (if done during the same day(s) of portrait shoot)	\$0
- 1 digital file of Group photo (if done separately from portrait shoot)	\$25
2) Cost for Prints of Photos	
- 4x6	\$4 ea.
- 5x7	\$6 ea.
- 8x10	\$10 ea.
- 12x18	\$25 ea.

I think this covers everything. If you need me to come back to do makeup photos for anybody who couldn't be there for the initial shoot, that is not a problem, and there is no extra charge! If you have any questions, feel free to give me a call!
